## BREEDER OF THE YEAR

Orville Seigle, Lawrenceville, Illinois, has been selected Breeder of the Year for 1974. His contributions to the Illinois Polled Shorthorn Association and to the Polled Shorthorn breed are too numerous to mention. He is a past member of the board of directors of the Illinois Polled Association and the Tri-State Association.

Starting the famous Deewood Stock Farm in 1923, Orville has accomplished great success over the past 50 years with his Polled Shorthorns. He and his wife Viola were married in 1929. They have one daughter, Delores Jean, and they are the proud grandparents of three lovely granddaughters, Terry Lee, Cheryl Lynn, and Anita Ann. Last year Orville was honored as a charter 4-H club member in Lawrence County. His first project in 4-H was, naturally, a Shorthorn.

For many years Deewood Stock Farm has been seen in the winner's circle at numerous county fairs and the Illinois State Fair. The herd is headed by two well-bred bulls, Deewood Orator x and Arrowsmith Rodney 2nd x.

# STANDARD GUARANTEE

## OF AMERICAN SHORTHORN BREEDING ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or county into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
8. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animals are bid off.
